### Storm/Wind Damage Restoration

We can't control the weather, but **Secure Restoration Systems** is on your side when Mother Nature is not. **Secure Restoration Systems** specializes in post storm emergency board up and tarping, tree and debris removal and the reconstruction services necessary to rebuild your property.

Quick response is the key to minimizing your loss after storm damage. Properly boarding and securing the property from additional precipitation and potential theft is the first priority and most important step toward recovery.

**Secure Restoration Systems** works on your behalf with your insurance adjuster as a restoration expert, not just as a General Contractor, utilizing the same claim adjusting software used by insurance representatives nationwide.

#### Post Storm/Wind Damage Restoration Includes...

- Emergency board up, roof tarping and securing
- Professional contents cleaning and storage
- Water extraction
